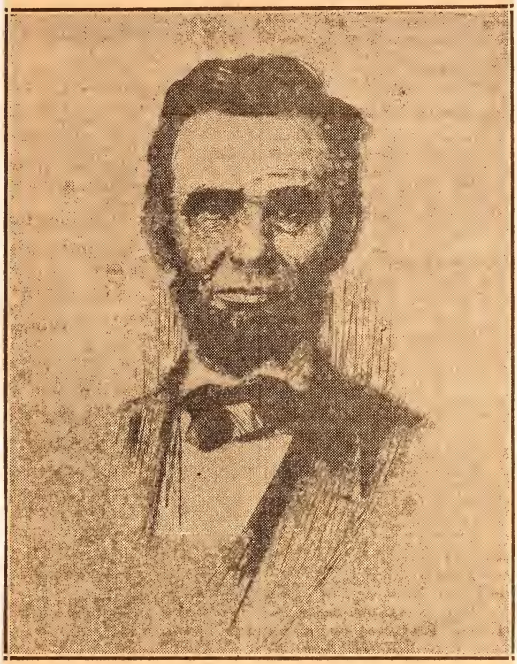
Six Score And Ten Years



Abraham Lincoln, whose 130th birthday anniversary will be observed tomorrow, lives more vividly in the minds and hearts of Americans today than ever before. While European peoples turn sadly or bitterly from the ideals of liberty and democracy, Americans appreciate more and more deeply the wisdom of tolerance, simplicity, kindliness and rugged determination which he exemplified. The theater reflects this national attitude and this season, as in many past seasons, Abraham Lincoln is one of the most popular characters on the American stage. He is now being portrayed by Raymond Massey in the Broadway success, Abe Lincoln In Illinois, by Robert E. Sherwood.

The dry point etching above, by Helen Dunlap of Los Angeles, is in the permanent collection of the Prints Room at the California State Library.
